English

Telugu

Experience

2023
Efftronics | It park, Mangalagiri, Guntue
IT infra support Intern at Efftronics

At Effetronics, I fulfilled the role of an intern and gained proficiency as an IT infra supporter. My internship at Effetronics provided me with an opportunity to learn various skills related to project management and system architecture. During my time as an intern at Effetronics, I acquired extensive knowledge in project management and system architecture while working as an IT infra supporter.

2022
Indian servers | Vijayawada Andhrapradesh
ML Intern at Indian Servers

At Indian Servers, I actively engaged in working on machine learning projects, collaborating with experienced professionals who guided me throughout the process. I gained practical knowledge in implementing machine learning algorithms, preprocessing data, and evaluating model performance. It was an enriching experience that allowed me to witness firsthand how machine learning is applied in real-world scenarios.

2022
IIT bhubaneswar | Bhubaneswar
Summer Intern at IIT Bhubaneswar

At IIT Bhubaneswar, I actively participated in various workshops, training sessions, and practical exercises designed to improve English communication. I learned effective strategies for public speaking, presentations, and interpersonal communication. Additionally, I received guidance on improving grammar, vocabulary, and overall language proficiency
